Hosts and Wellness Practitioners

“I’ve learnt from personal experience that putting health and happiness first is the most important thing in life.”

Melissa Carroll **Founder, Wellness Retreats NZ and Yoga Instructor.**

I created Wellness Retreats NZ in 2014 to inspire and guide others on their journey to healthier and happier lives. For me, it’s all about connecting and being able to assist and help every single individual.

For this reason alone, our retreats are bespoke to ensure a tailored and intimate experience where everyone comes away with unique results.

With a background in international retreat management; hosting over 200 retreats and managing a world renowned and award-winning women’s retreat in Bali for two years, I’ve been privileged to help people as they undergo life-changing transformations by making important changes on a physical and mental level.

I’m also a certified yoga instructor, completing my 200-hour Vinyasa training in Seville, Spain in 2013 and currently teach weekly classes to corporate and private clients for those looking to bring wellness into their every day.

I look forward to joining you on your wellness journey... welcome to Wellness Retreats NZ!

Kaytee has competed for New Zealand in BMX, mountain bike, road racing and is a World Cup Gold Medalist in track cycling, she has also competed in the Commonwealth Games.

Her skill base has great depth and knowledge of the human body making it extremely helpful in diagnosis and treatment.

Paddy Flavell **Exercise Mentor.**

Paddy is one of New Zealand’s leading personal trainers and has been with Les Mills Auckland for 20 years, winning Personal Trainer of the year 5 times.

Paddy’s background as a representative rugby player means he’s perfectly suited to help his clients achieve the upper limits of their personal goals. But beyond that Paddy also works extensively with groups of teenagers, children and major Kiwi companies to help them better understand the value of fit and healthy employees. Having a diverse mix of clients in terms of ages and gender means Paddy is always considerate of not pushing people too far, training should be fun as well as rewarding.

He’s a living, breathing example of having a great life balance PLUS Paddy comes with a bigger than life smile!
